I am a frontend software engineer trained as a full stack engineer through the Digital Crafts bootcamp. I've worked on teams and as a solo developer to create multiple apps utilizing various coding frameworks. Prior to being a software engineer, I was a government contractor overseeing multiple fitness programs at the CDC and a math teacher.

## Software Development Skills

- JavaScript, TypeScript, React, Android Studio, React Native, HTML, CSS, Node.js, Jira, Bootstrap, Bitbucket, Express.js, Git, GitHub, Redux.
